Dear Owner and Executive Management,

In my search to help the Duran Family located in Prunedale, California secure the best Company, offering the finest in Solarium structure, materials and workmanship, I selected Solariums Direct.

After interviewing and getting proposals from other companies, I decided on Richard Cox, your Manufacturers Agent and owner of RBCO Enterprises, Watsonville, Calif. which had made a very clear demonstration of materials, structure and promise of top workmanship.

I am happy to report that Richard Cox, his crew, as well as Solarium Direct fulfilled all that had been presented and promised.

It is wonderful to find companies and staff that still deliver what was proposed. The Duran family could not be happier.

As the scout for such an important investment, I am greatly relieved and thankful to see the fine quality of material used and the precise, high quality of workmanship done by Kendall and Yanita.

In behalf of the Duran family, we thank you all -Well Done!

Respectfully yours,

Ron Menetrey
